

## A Goole approval

(L-R) Chris McGowan, Technical Trainer, Paul Whiteside, IMI Awards External Verifier, Dawn Swales, HR & Training Manager, Sharon Calver, Training Centre Administrator and Steve Gray, Technical Trainer

**JUST CAR CLINIC'S Goole technical training centre has gained further ATA approvals, enabling the group to offer all ATA training courses in-house.**

The training centre is the only independent owned facility of its kind to offer all the relevant and required training courses in the country for the bodyshop industry, including NVQ technical apprenticeships and ATA qualifications in senior panel, senior paint, senior MET and

QCF refrigerant handling.

Dawn Swales, JCC HR & Training Manager, said, 'This is a great achievement for the group and the training team in particular. To be the only owned dedicated training centre in the bodyshop industry with full IMI accreditation will reinforce our reputation as an exceptional employer and training provider. JCC customers will benefit from the best trained and motivated team in any workshop.'
